City Manager's Report Week Ending August 18, 2017

1. The Collective Bargaining Agreement with the Fraternal Order of Police was signed. Compensation adjustments are being processed for the first pay period of September.
2. Awaiting State notification to the County that authorizes release of funds for the repair or replacement of the Greenbelt Connection vehicle. The bus was declared totaled with a value of around \$14,500. City staff has inquired of the County (Public Works and Council Member Todd Turner) regarding a loaner vehicle and potential funding, including the next local bus funding schedule. At this time, the County cannot loan a vehicle to the City. Staff will explore potential grants, leases, or purchase of a used vehicle. The City is currently using Berwyn Heights bus, which is not air conditioned but available at no cost. The Town uses the bus for holidays and events.
3. Regarding the Labor Day Committee's use of the Greenbelt Connection as a parking shuttle vehicle, as research continues on a replacement vehicle (or repair of the existing vehicle) staff has offered use of the CARES van. I have also offered reimbursement for use of a private service, similar to the \$1,200 that the City Council budgeted (and was recently dispersed) for the Committee's Greenbelt West shuttle.
4. Thank you to Ms. Beverly Palau, Ms. Imani Jackson, and all staff who participated in City Hall Selfie Day. Thanks also to Council for posing for a picture. Ms. Palau coordinated Greenbelt's participation, ensuring that every department participated - including a Public Works co-worker who shared an impressive dance move for Greenbelt's entry to best finale video. Visit Engaging Local Government Leaders or ELGL.org to see a map of local governments around the world that participated. Website links share photos from each community.
5. Attached is a draft RFP regarding space planning for 10-A Crescent. The Friends of the Greenbelt Museum will issue the RFP soon. Please forward any comments to David Moran by Friday, August 25.
6. Staff is scheduling a meeting with the owner of 10 Lakeside Drive to discuss the walking path between 8 and 10 Lakeside Drive. This follows internal meetings and teleconference with staff and City Solicitor Karen Ruff.
7. In follow-up to the County's willingness to revise the proposed terms of the City/County contract for Greenbelt CARES funds, paperwork was submitted by the City to the County. The City awaits payment as the agreement and request for payment were being expedited and hand walked through the County government for approvals.
8. Followed-up on Council and citizen requests.

9. Met with staff regarding various matters including personnel and operational matters. Teleconferenced with Mayor Jordan.
10. Welcomed County Council Member Turner's new constituent relations staff member, Mr. Jarryd Hawkins, of Bowie. Thank you to David for providing Mr. Hawkins with a tour and orientation to Greenbelt.
11. Attended the Greenbelt Rotary Club meeting along with Mayor Jordan, Councilmember Herling, and Mr. Charles Ewing of Marriott. The guest speaker was County Executive Baker.
12. Attended the August 14, 2017 Council Meeting and weekly department director meeting.
13. Scheduled to attend the Recreation Department's Circus Camp Show, as well as the Performance Camp's "I Have a Dream That..." performance.
14. Scheduled to staff a shift at the Greenbelt Rotary Club booth during the Greenbelt Farmers Market. The Club is collecting school supplies for Springhill Lake Elementary School.
15. Attached is a flyer about the 14th Annual Back to School Bash in Bowie on August 19. This was forwarded by Mr. Kap Kapastin.
16. Attached separately is the last camp report.
17. Assistant City Manager
 - a. Hosted presentations by the Social Security Administration. About 50 employees and residents attended these sessions.
 - b. Prepared for a CRAB meeting next week.
 - c. Worked with Bonita Anderson on preparation of the Candidate Packet.
 - d. Provided an orientation and tour of Greenbelt for Jarryd Hawkins, Council Member Turner's new Constituent Services Aide.
18. Finance Department
 - a. Completed internal control questionnaires for auditors.
 - b. Met with City Manager, Assistant City Manager and Planning Department staff to discuss tax increment financing.
 - c. Assisted audit firm during the first week of fieldwork.
19. Information Technology
 - a. Reviewed Document Management RFP questions from vendors.
 - b. Prepared new RecTrac server for test conversion.
20. Prepared for regular council meeting on August 14, and work session on August 21.

REQUEST FOR PROPOSAL

Space Planning for Greenbelt Museum Visitor & Education Center

Friends of the Greenbelt Museum, Inc.
10A Crescent Rd, Greenbelt, MD 20770

Statement of Intent

The Friends of the Greenbelt Museum, Inc. (FOGM) seeks the services of an architect, exhibit planner or space planner with documented experience working with museums, museum collections storage facilities, and/or archives to design the conversion of a residential property and attached garage into the Greenbelt Visitor and Education Center. The goal of the project is to develop a multi-purpose space with capabilities to serve visitors, educators, and researchers; to provide additional collections storage space; and to provide office space for staff and volunteers.

Project Description

The selected contractor shall:

- Develop an overall plan to re-configure the existing space of 10A Crescent Road (10A) to achieve the specified goals: creation of a visitor center (with a welcome area and a gift shop); creation of an education center (with small exhibits and a learning lab), creation of space(s) for storage of collections and archival materials; creation of office/administrative/research space; and creation of an ADA-compliant restroom on the first floor. The plan will include information on recommended renovations; and furnishings for the space, including built-in and freestanding furniture and collections storage cabinetry.
- Create conceptual sketches that illustrate how the existing spaces could appear, to illustrate what the visitor center, education center, and museum offices could look like.
- Produce a prioritized timetable for performing the work of converting the residential space into a visitor & education center and office.
- Develop a budget for performing the work as described in the space planning document and depicted on the conceptual sketches with options to de-scope as needed.

Background

10 Crescent Road is duplex, with one half (10B) serving as the Greenbelt Museum's historic house, and one half (10A) a former residence. The duplex was constructed in 1937. The Museum has recently acquired 10A. 10A is a two-story building, roughly 1,400 square feet, with concrete block walls clad in vinyl siding, a built-up flat roof, and vinyl replacement windows. The building has a one-story attached, unfinished garage constructed of concrete block walls, a poured concrete pad, a built-up flat roof and a wooden manual roll-up garage door. The interior of 10A has plaster walls (some of which are covered in wallpaper and wood paneling), concrete floor covered in a variety of materials (e.g. parquet flooring, vinyl tile, wall to wall carpet), and applied acoustical tiles on the ceiling. The residence has three

bedrooms, two full bathrooms (one of which is an addition off the garden side of the duplex), a kitchen, dining room, living room, and small enclosed porch addition off the garden side, adjacent to the bathroom addition.

Scope of Work and Tasks

The Scope of Work includes a plan for the conversion of 10A Crescent Road from residential space into museum spaces. Much of the work will involve the conversion of the interior of the building from a residence to a visitor/education center, offices, and archives. Work may also involve modifications to the exterior of the building and to the attached garage. This includes the completion of the following tasks:

- 1) Create a plan to convert the existing space on the first floor into visitor center area (with a welcome area and a gift shop), and an education center area (with small exhibits and a learning lab), and to make it an ADA accessible space (including an entrance and bathroom); and to convert the existing rooms on the second floor into spaces for collections and archival storage, offices/administration, and research space.
 - a. Spaces should be carefully designed in a way that makes them functional, flexible, AND welcoming.
 - b. The kitchen on the first floor should be retained, but should be redesigned to maximize space, as the current layout is inefficient and has oversized appliances.
 - c. The contractor shall meet with the FOGM Board, FOGM Staff, Greenbelt Homes, Inc. Staff, and City Staff to identify and discuss priorities and needs for the renovation of the existing residential space into museum spaces.
 - d. The necessary elements to complete a visitor /reception/exhibit area on the first floor will include:
 - i. space in which to show our orientation film to groups of visitors;
 - ii. space for our timeline exhibition;
 - iii. an area for rack cards and information about Greenbelt's cultural attractions and businesses, as well as the surrounding area;
 - iv. space to display gift shop items for sale;
 - v. a learning lab for educational programs related to our mission, such as canning demonstrations and cooking using the restrictions of WWII-era rationing, that can include the kitchen area;
 - vi. an accessible restroom that will allow us to better welcome guests of all abilities;
 - e. The necessary elements to complete collections and archival storage, archival research, and office/administrative space on the second floor will include:
 - i. a research and archives room that includes tables and seating for researchers;
 - ii. storage space for small and delicate collection items that includes archival and collections storage furniture; and,
 - iii. office space for two to three staff members.
 - f. Whenever possible, the ideals of universal design should be utilized to make the entire space accessible.
- 2) Create conceptual drawings (floorplan sketches and color renderings) that illustrate how the existing spaces will be modified.

- 3) A list of furnishings needed to fulfill the new functions of the building, and
 - a. Appropriate museum storage furnishings
 - b. Office furnishings
 - c. Furnishings for the welcome area; gift shop; small, mobile exhibits, and the learning lab
- 4) A budget for completing the work that is scalable or phased.

Deliverables

Final deliverables will include two hard (2) copies and one (1) electronic copy (in pdf format) of:

- 1) The re-configuration plan
- 2) Conceptual drawings including floorplans and color renderings
- 3) List of furnishings
- 4) Budget to accomplish the work
