City Manager's Report Week Ending March 4, 2016

1. Met with Recreation Department on budgets as well as Public Works.
2. Attached is an updated listing of Petitions and Requests.
3. Attached is a copy of the County's transportation priority list. Greenbelt Road Streetscape Improvements is still the second priority project for Project Planning as it was last year. The project ahead of it is the same as last year. It is on page 5.
4. Attached is a letter from the County indicating that it will be charging a 25 cent assessment fee on ride sharing (e.g. Uber) and taxi trips originating in the County. It is my understanding this preempts cities and towns in the County from assessing such a fee.
5. Mayor Jordan and David Moran attended the BiCounty Committee meeting in support of PG/MC 117 (M-NCPPC double tax issue) and Mayor Jordan gave testimony. The Committee voted favorable (5-0) on a motion from Delegate Gaines.
6. Participated on a conference call from COG on the Zika virus.

**Criteria for
Priority State Projects within
Prince George's County**

The State Consolidated Transportation Program (CTP) Priority Projects List is developed by staff of the Department of Public Works and Transportation in coordination with the staff of the Maryland-National Capital Park and Planning Commission (M-NCPPC). After which, the CTP List is forwarded to the County Executive and Council for review, approval and transmittal to the Maryland State Department of Transportation through a joint signature letter.

Criteria used to prioritize the List are as follows:

Safety Improvements - Each project is evaluated to determine the safety enhancements to be achieved for all users in response to data and determined needs.

Capacity Improvements - Each project is evaluated to determine the capacity improvements to be provided for the transportation facility users in response to the needs.

Revitalization - Each project is reviewed to determine the project's contribution to the County's revitalization initiatives and improvements to each community's well-being and environmental sustainability through the implementation of current, sound and sensitive practices.

Economic Development - Each project is evaluated to determine the project's contribution to the County's economic development policies and goals.

Mass Transit - Each project is evaluated to determine the project's contribution to the County's Master plans for implementation of transit services with emphasis on intra-community transit needs.

Project Schedule - Each project schedule is evaluated to assure the progression of projects from the planning stage into the construction phase for each subsequent year. The availability of projects for the construction phase assures that county projects are available to compete for construction funding each year.

Other Funding Sources - Each project is evaluated to determine the availability of "other" funding sources to supplement State and federal funding provided in the CTP.

Mr. Turner

That is our Greenbelt Road street scape program, so glad it is listed. The City's legislative program request is for that project to be moved from #2 to #1, but the project ahead of it is MD 210. That project was ahead of it last year as well, so I guess that project has to move before ours can move.

Thanks
Mike

Subject: Transportation Priority Letter

Mike –

The County Executive transmitted the 2016 Transportation Priority Letter for the County Council's review this past Tuesday. The Council will be considering it in a Committee of

Rushern L. Baker, III
County Executive

PRINCE GEORGE'S COUNTY GOVERNMENT
OFFICE OF THE COUNTY EXECUTIVE

February 22, 2016

The Honorable Emmett Jordan
Mayor
Greenbelt
25 Crescent Road
Greenbelt, Maryland 20770

Dear Mayor Jordan:

In accordance with the provisions of Chapter 204, 2015 Laws of Maryland (Senate Bill 868), this letter serves as formal notification of Prince George's County's intent to impose an assessment of twenty-five cents (\$.25) per trip for Transportation Network Services that originate within Prince George's County, effective June 27, 2016. To support this action, in November, 2015, the Prince George's County Council passed CB-72-2015. That legislation enabled the assessment of the twenty-five cent per trip assessment on trips originating within the County, and required that it be wholly devoted to specified transportation purposes. The measure was signed into law by County Executive Rushern L. Baker, III and went into effect on December 29, 2015.

This letter fulfills the requirement that a County that is levying an assessment notify the municipalities within their county at least 120 days prior to the assessment going into effect. Please note that while the assessment program will be in effect as of June 27, 2016, the County will not begin to levy the assessments until the start of its Fiscal Year on July 1, 2016.

Thank you for your cooperation in this matter. If you have any questions pertaining to the assessment, I can be reached at (301) 952-4441 or thimler@co.pg.md.us.

Sincerely,

Thomas M. Himler
