Re: Supermajority and Forest Preserve

At the November 17, 2014 work session on the Forest Preserve Maintenance and Management Guidelines, the question was raised about where a supermajority vote of Council was required.

Attached is a copy of the Article in the City Code on the Forest Preserve. The only section requiring a supermajority vote is if lands already designated as forest preserve are to be removed from the forest preserve (Section 12-154). Such an action also requires the matter be placed on the ballot of the next regularly scheduled election.
