Hunting Ridge Bus Stop Design

This bus stop is located at the first traffic circle near the entrance to Hunting Ridge. The shelter will be placed back from the shoulder of Hanover Parkway and will be constructed on a wooden platform to allow ease of access over an existing swale. The shelter will have a width and length of 8 feet. The entrance will have a width of 5 feet and a height of 6'8". There will be two benches across from each other and will provide seating for approximately 6 people. The shelter will be constructed with the same materials that were used in the two new shelters along Crescent Road near the Roosevelt Center.
