The Board watched a portion of the planning training video which covers requirements of board member duties, general planning practices and planning topics specific to Maryland. After technical glitches it was determined that individual members may find it useful to review the videos separate from Board meetings. Ms. Bellah said she would look into acquiring copies of the training video for distribution.

The board requested that a future meeting be scheduled to discuss the topic of form-based codes with particular interest in the County's new zoning rewrite process.
