

**ADVISORY PLANNING BOARD
APPROVED MINUTES OF MEETING
Greenbelt Community Center
July 22, 2015
Minutes Prepared by Jessica Bellah**

- I. The meeting was called to order at 7:37 pm

BOARD MEMBERS PRESENT: Brian Gibbons, Maria Silvia Miller, Matthew Johnson, Jeff Lemieux, Keith Chernikoff, and Nicole Williams.

CITY STAFF PRESENT: Jessica Bellah

CITY LIAISON PRESENT: Mayor Emmett Jordan and Mayor Pro Tem Judith Davis

ALSO PRESENT: 5 members of the public.

- II. Agenda approved as presented.

- III. Minutes for July 8, 2015 were approved as presented.

- IV. Planning Staff and the Low Impact Development Center presented three concept design plans the Board for the Cherrywood Lane Green and Complete Street Redesign project. The discussion focused on the phasing for implementation of designs, existing conditions on site and in adjacent Indian Creek area, as well as preventive flooding and stormwater treatment practices. Ms. Bellah answered questions regarding traffic associated with anticipated and planned development in the area.

The Board discussed the various merits of each design presented. Board members proposed new ideas for consideration including fully protected bike lanes on both sides of the street, bike lane bypasses of bus loading areas, cross-section of streets and number of lanes, and various details of design. The Board expressed that a center median with trees is a place making design that ties back to other streets in Greenbelt.

Board members reached general consensus that Option Three was the preferred option and requested the LID Center and Staff evaluate altering that design to accommodate:

- protected bike lanes
- bike lane bypasses
- elimination of on street parking spaces

- V. The meeting was adjourned at 8:47pm.
