

## Here's how it works:

Programs will be scheduled at the mutual convenience of the school and the artists. Please suggest preferred dates and times.

**Grades K-2:** programs are one hour in length\*

**Grades 3-12:** programs are 1 hour and 15 minutes in length

\* This format is recommended also for older students with attention deficits

## Our site or yours?

It is highly desirable for students to visit the Greenbelt Community Center where they can experience art studios, a contemporary art gallery, historical exhibits and more. However, if it is too difficult for your group to come to the Center, these activities can be brought to your school.

### We the people...

The historic Greenbelt Community Center, featuring original 1930s bas reliefs by artist Lenore Thomas based on the United States Constitution

## One workshop or two?

### Single workshop format:

(no lunch on site) Cost: \$70 per class + \$1.50/student

**Two-workshop format:** Make a day of it! Students participate in one workshop, break for a brown-bag lunch, then participate in a second activity. Typically, a visual arts program is paired with a performing arts program for variety.

Cost: \$150 per class + \$3.00/student

fun • fitness • friendship

## Performing Arts Programs

### **Dance:**

Drawing on a wide range of expressive and rhythmic movement activities, our dance workshops are designed to get students moving dynamically and thinking creatively. Students are engaged in the learning process visually, kinesthetically, and intellectually.

### **Vocal Music:**

**Supporting History, Science and Performing Arts.**

Additional themes available on request

- **American history**
- **Around the world**
- **State songs**
- **The solar system**

### **Circus in the Classroom:**

Students will learn a variety of circus skills such as juggling, acrobatics, equilibristics and clowning. Circus in the Classroom combines performing arts, physical education, character-building and play, to give students a unique learning experience where healthy risk-taking is encouraged, failure is demystified, and creativity and teamwork are at the forefront.
